## Summary

---

- **Front-End Developer skilled in building fast, responsive, and SEO-friendly apps using React and Next.js. Experienced in optimizing performance (boosted speed by 30%) and solving UI/UX issues. Write clean, maintainable code with a strong focus on user experience. Completed military service with full commitment and discipline.**

## EXPERIENCE

---

- **Front-end Developer at Inno Code - Cairo (Jul 2025 – present)**
  - Built and optimized responsive web interfaces using Next.js and Tailwind CSS, ensuring smooth user experience.
  - Collaborated with back-end developers to integrate APIs and improve overall application performance.
- **Part-time Developer - Remote (Jul 2023 – Sept 2023)**
  - Developed a front-end interface for a movie review app using Next.js and Tailwind CSS.
  - Improved user engagement by 15% through dynamic, interactive features and seamless API integrations.

## PROJECTS

---

- **Qutoof ( <https://qutooforganic.com> )**
  - Built the front-end of an e-commerce website specialized in natural products (coffee, tea, honey) using Next.js, Tailwind CSS, ShadCN UI, and Framer Motion.
  - Designed a modern, responsive, and user-friendly interface to provide a smooth shopping experience with nationwide delivery support.
- **Omlaty (Under Development – 90% Complete)**
  - Developing the front-end of a comprehensive platform for coin collectors, featuring an online store, coin encyclopedia, community forum, blog, and academy.
  - Building a modern, responsive, and scalable UI using Next.js, Tailwind CSS, and ShadCN UI to ensure smooth navigation across multiple content-rich sections.
  - Structuring a user-friendly experience that supports e-commerce functionality, educational content, and community interaction within a single platform.
- **Kayan ( <https://kayaan-eg.com> )**
  - Developed a responsive construction company portfolio using Next.js, Tailwind CSS, shadcn/ui, framer motion, and i18n, featuring a user-friendly interface and a custom dashboard for managing and updating portfolio content efficiently.
